 How to use "Necessary Credits for Graduation Requirement" and "Course Lists"

グローバルビジネス学科　ディプロマ・ポリシー/カリキュラム・ポリシー［2023年度入学生］

	Diploma Policy (DP) ···DP shows capabilities students expected to acquire before graduation	Curriculum Policy (CP) ···CP shows the structure of the curriculum which designed educational methods to achieve DP
DP1 知識・専門性　Knowledge and Specialization		
教養・基礎学力 Liberal Education and Fundamental Scholastic Abilities	Allowing students to acquire liberal education and fundamental scholastic abilities while learning independently.	Prior to taking classes in the areas of specialization in one's major, students will enroll in "Musashino Initial", which constitutes a liberal arts education program for students in all the departments at the university. The aim of "Musashino Initial" is to provide the students with the basic technique and knowledge necessary for college learning. Toward this goal, the students will take classes in, 1) Buddhist Studies, 2) Health and Physical Education, 3) Smart Intelligence Computing, 4) Creating Happiness Program (CHP), 5) Field Studies, and so on.
専門能力 Specialized Abilities	Enabling students to display their specialized abilities using English. Developing a professional eye for the economy (economics), acquiring the ability to manage organizations (management), handle financial and accounting data (accounting), and providing value to customers (marketing).	The curriculum is organized so that by studying specialized subjects in Global Business in English, in addition to technical knowledge, students will develop their practical English skills which can be utilized in real situations in the global business setting. Specialized subjects offered include management, trade, finance, and accounting.
DP2 関心・態度・人格　Interest, Attitude, and Character		
自己認識力・他者理解力 Ability to Understand Oneself and Others	Ability to understand what people with different cultural backgrounds think and convey what one thinks.	In order to develop the ability to conduct business from a global perspective, specialized subjects and seminars combine academic research and practical experience in global business to offer a curriculum that consists of classes covering diverse ways of thinking and methodologies based on practical business experience.
課題発見力 Ability to Identify the Problem	Ability to detect issues and develop research questions.	
主体性・実行力・ストレスコントロール力 Ability to Take the Initiative, Act, and Control Stress	Ability to solve problems while taking the initiative to communicate with others and displaying one's leadership.	
人格形成・使命感 Character Building	Developing ethical and moral views to respect humanity.	
DP3 思考・判断　Thinking and Judgment		
情報分析力・論理的思考力・判断力 Information Analysis, Logical Thinking, and Judgment	Ability to develop and verify hypotheses from the viewpoint of society or organization as a whole based on strategic thinking.	The curriculum is organized so that students can complete all required subjects by the time they graduate by interrelating global communication skills and the ability to utilize several languages, identify and solve problems with business and management expertise. In particular, students acquire the ability to identify issues independently on their own initiative and develop and verify hypotheses based on the ways of thinking and methodologies they learn mainly through seminars. Furthermore, they acquire the ability to take the initiative to propose several solutions to issues from the viewpoint of a global society and organization as a whole based on strategic thinking. Seminars in different fields of expertise provide opportunities to learn common social issues from several perspectives in order to allow students to experience the effectiveness of interdisciplinary approaches to the identification of issues and their solution. In addition, students from different seminars master the ability to manage carrying out tasks in a systematic way through collaboration among them. In the curriculum, graduation theses are viewed as the consummation of learning in the Department.
課題解決力 Problem Solving Skills	Capable of making an original proposal, which is based on numbers, by using ideas and methodology acquired in class and seminars in order to analyze management problems from different point of views.	
創造的思考力 Creative Thinking Skills	Ability to analyze managerial issues from various angles and propose unique measures to deal with them.	
DP4 実践的スキル・表現　Practical Skills and Expressions		
語学力・コミュニケーション力 Language and Communication Skills	Ability to effectively use English, Chinese, and Japanese to adapt oneself to different cultural environments based on an understanding of diverse values.	The curriculum is organized so that the English ability level of individual students is raised to the maximum extent by understanding their ability level prior to the start of the first year, and also by organizing classes according to the different levels of English ability. The English ability level of students is assessed as required through external examinations such as TOEIC and IELTS. The curriculum is also designed so that students can reach a level at which they can use Chinese or Japanese at a practical level depending on what their native language is.
表現力 Ability to Express Oneself	Ability to effectively use English, Chinese, and Japanese to formulate one's opinion in a clear, logical style or express it in an easy-to-understand manner.	
傾聴力・リーダーシップ・チームワーク力 Ability to Listen Closely, Teamwork, and Leadership	Ability to strive to achieve goals by cooperating with others through dialogues based on "attentive listening," "empathy," and "realization".
